Case IPR2023-00876
Patent 10,155,981

PATENT OWNER'S REQUEST FOR ORAL HEARING

Pursuant to 37 C.F.R. §42.70(a), requiring a separate paper requesting oral hearing and specifying issues to be argued, Patent Owner 10x Genomics, Inc. (“10x”) submits this Request for Oral Hearing on the instituted grounds of unpatentability for claims 1-6 of U.S. Patent No. 10,155,981 under 35 U.S.C. §103 and associated issues, including, without limitation, any raised in submissions to the Board (including any future submissions, and including without limitation regarding the scope of Petitioner’s Reply).

Per the Board’s guidance in the Consolidated Trial Practice Guide, Patent Owner requests 60 minutes of argument time for the Patent Owner. Patent Owner does not believe there is reason to deviate from this default and Petitioner is agreeable to 60 minutes per side. Patent Owner further requests that, in the event Petitioner reserves time for rebuttal, that Patent Owner be permitted to reserve time for a brief sur-rebuttal. Patent Owner further requests the services of a court reporter to transcribe the proceeding.

Patent Owner respectfully requests that the oral hearing be held remotely by videoconference. If the Board prefers an in-person hearing, Patent Owner expects that there will be no more than six individuals present on behalf of Patent Owner. Patent Owner further respectfully requests that its attorneys be permitted to use computers at any in-person hearing to avoid the need for parties to bring paper copies of the record into the hearing room. If in person, Patent Owner further

requests the use of audio-visual equipment to display demonstratives or exhibits at the oral hearing.

Respectfully submitted,
