VideoLabs digital content patents prior art found

Unified is pleased to announce prior art has been found on the following four patents listed below. The patents are owned by [VideoLabs, Inc.](#) The patents generally relate to digital media content and some have been asserted against [Netflix](#), [Amazon](#), [Roku](#), [HP, Inc.](#), and [ASUSTek](#).

We would also like to thank the dozens of other high-quality submissions that were made on this patent. The ongoing contests are open to anyone, and include tens of thousands of dollars in rewards available for helping the industry to challenge NPE patents of questionable validity by finding and submitting prior art in the contests. Visit [PATROLL](#) today to learn more about how to participate.
