

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

UNITED SERVICES AUTOMOBILE ASSOCIATION,
Petitioner,

v.

AUTO TELEMATICS LTD.,
Patent Owner.

Case IPR2023-00857
Patent 10,198,879

Case I IPR2023-00911
Patent 9,311,271

EXHIBIT AT-2005

**DECLARATION OF MARY LONGCHAMP
REGARDING EXHIBIT 2002**

I, Mary Longchamp, do hereby declare and state, that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.

Dated: February 20, 2024

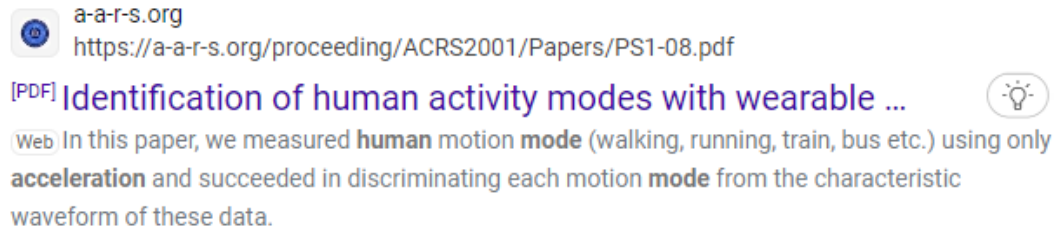

Mary Longchamp

1. I am a law librarian employed by Patent Owner's counsel Whiteford, Taylor, & Preston, LLP. On October 19, 2023, I received a research request by electronic mail from Patent Owner's counsel Steven E. Tiller, forwarding a research request from Patent Owner's expert witness Christopher K. Wilson. The research request was to electronically locate and download a true and correct copy of a conference publication by Ogawa, A. et al., *Identification of Human Activity Modes with Wearable Sensors for Autonomous Human Positioning System*, 22nd Asian Conference on Remote Sensing, Centre for Remote Imaging, Sensing and Processing (CRISP), National University of Singapore, Singapore Institute of Surveyors and Valuers (SISV), Nov. 5-9, 2001, Singapore, 4 pages (hereinafter, "Ogawa publication").

2. On October 24, 2023, I browsed the Internet, searching for the author and title of the Ogawa publication as provided in the research request. I found the Ogawa publication at the following URL, which I verified to be a URL of the Asian Association on Remote Sensing ("AARS"), a publisher of the Ogawa publication per the research request:

<https://a-a-r-s.org/proceeding/ACRS2001/Papers/PS1-08.pdf>

3. The following browser information was provided in my search results:

4. Upon click-through of the URL, I verified that the URL was an exact copy of the URL found in my browsing session. The URL provided a direct link to a PDF document of the Ogawa publication. I then downloaded the Ogawa publication from that URL. Upon inspection of the downloaded file, I confirmed that the publication information in the file matched the reference information provided by counsel Tiller. Further, the first page of the PDF file was marked with the following copyright information, listing a copyright marking for 2001 by the publishers of the document, including the AARS:

*Paper presented at the 22nd Asian Conference on Remote Sensing, 5 - 9 November 2001, Singapore.
 Copyright (c) 2001 Centre for Remote Imaging, Sensing and Processing (CRISP), National University of Singapore;
 Singapore Institute of Surveyors and Valuers (SISV); Asian Association on Remote Sensing (AARS)*

5. I believe the Ogawa publication to be a true and correct copy of the requested Ogawa publication that was published when and where the face of the

publication says it was published, in November 2001, at the 22nd Asian Conference on Remote Sensing in Singapore.
