Subject: AMD v. Realtek - IPR2023-00920 - Proposed Submission of ITC Order to Board

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Honorable Board:

AMD requests authorization to submit an order issued September 7, 2023 in the related ITC proceeding regarding the same patent (U.S. 8,006,218), same prior art references (Jiang and Li), and same arguments that are at issue in this IPR. AMD does not believe that any additional briefing by the parties addressing the order is necessary. The ITC order AMD requests authorization to submit has been redacted to remove confidential business information in separate sections of the order that are not relevant to the instant IPR.

Patent owner is copied on this request and does not oppose the request so long as each party is given the opportunity to also submit a two page paper to address the order as the order is not dispositive of any issue raised in Patent Owner's preliminary response.

The parties are available as follows for a conference call, should one be necessary:

9/18 - 1 pm to 5 pm

9/20 - 3 pm to 5 pm

Thank you,

Douglas Wilson
