IPR2023-01055

Dear Acting Director Brent,

Patent Owner Autonomous Devices, LLC respectfully seeks Director Review of a Board panel's final written decision (FWD) in IPR2023-01055, regarding U.S. Patent No. 11,238,344. Attached is Patent Owner's request for Director Review filed today.

As explained in the request, for analysis of one of the challenged claims (claim 12) the FWD essentially relied on its analysis of a different claim (claim 11), without properly analyzing some of the limitations of claim 12 with respect to the cited prior art references. The panel's holding of unpatentability for claim 12 is erroneous.

Additionally, regarding Patent Owner's Motion to Amend, the panel erred in its mapping of two limitations of the substitute claims to prior art, and did not even address the actual claim language of one of those limitations.

The Director should grant review, reverse the panel's unpatentability holding for claim 12, and grant PO's Motion to Amend.

Respectfully,
Arvind Jairam
Counsel for Patent Owner Autonomous Devices, LLC
