Dear Board,

Petitioner and Patent Owner have conferred regarding the case schedule in each of the above-captioned cases, and have worked to arrive at an agreed schedule that synchronizes deadlines across each case. The parties jointly and respectfully request that the Board enter a Scheduling Order setting forth the following schedule in each case. This proposed schedule maintains the current deadline set by the Board for the oral hearing in the -00933 and -01070 matters.

The parties recognize that this proposal slightly alters certain deadlines which may not be extended without Board approval, and respectfully submit that the proposed schedule will promote efficiency by placing each of these related IPRs on the same schedule.

(The parties further note that no scheduling order has yet been entered in Case Nos. -00998, -00999 and -01069, but request that a Scheduling Order with the below deadlines be entered in those cases.)
