Subject: RE: IPR No. 2023-01239 Request for authorization to correct clerical and/or typographical mistakes without changing the filing date under 37 C.F.R. § 42.104(c)

Dear Honorable Board,

Patent Owner notes that the Petitioner refused Patent Owner's request to review Petitioner's email prior to it being sent to the Board. In considering Petitioner's request, Patent Owner wishes to bring to the Board's attention that it disagrees with Petitioner's characterization of the remedy that it seeks, which attempts to introduce a new prior art reference and substantively alter the asserted grounds--after the bar date for these petitions has passed--as merely correcting a "typographical" or "clerical" error.

Respectfully submitted,

Eliot D. Williams
