STARTUPS

2023 Best Tech Startups in NYC

The Tech Tribune staff has compiled the very best tech startups in New York City, New York. In doing our research, we considered several factors including but not limited to:

1. Revenue potential
2. Leadership team
3. Brand/product traction
4. Competitive landscape

Additionally, all companies must be independent (unacquired), privately owned, at most 10 years old, and have received at least one round of funding in order to qualify.

1. NYDIG

Founded: 2017

Also honored in: [2022 Best Tech Startups in New York](#)

"We're building an inclusive financial system that makes Bitcoin a universal option for billions of people worldwide. Bitcoin is a resource for human progress, and NYDIG is the gateway."

2. Ramp

Founded: 2019

Also honored in: [2022 Best Tech Startups in New York](#)

"Ramp is building the next generation of finance tools – from corporate cards and expense management, to bill payments and accounting integrations – designed to save businesses time and money with every click. Thousands of companies are spending an average of 3.3% less and closing their books 86% faster by switching to Ramp's finance automation platform. Founded in 2019, Ramp powers the fastest-growing corporate card in America and enables billions of dollars of purchases each year on the heels of nearly 10x year-over-year growth.

Fireblocks streamlines operations by bringing all your exchanges, OTCs, counterparties, hot wallets, and custodians into one platform. Wallets, deposit addresses, and API credentials are secured using patent-pending chip isolation technology and the newest breakthrough in cryptography (MPC). Institutions are using Fireblocks to move funds securely in seconds – instead of hours.”

4. Ro

Founded: 2017

Also honored in:

- [2022 Best Tech Startups in New York](#)
- [2022 Best Tech Startups in NYC](#)

“Ro is a direct-to-patient healthcare company providing high-quality, affordable healthcare without the need for insurance. Ro is the only company to seamlessly connect telehealth and in-home care, diagnostics, labs, and pharmacy services nationwide. This is enabled by Ro’s vertically integrated platform that powers a personalized, end-to-end healthcare experience from diagnosis, to delivery of medication, to ongoing care. Since 2017, Ro has facilitated more than eight million digital healthcare visits in nearly every county in the United States, including 98% of primary care deserts. Ro also provides its patient-centric solutions including Workpath, its in-home care API, and Kit, its at-home diagnostic testing service, to other healthcare companies.”

5. Capchase

Founded: 2020

"Capchase is your founder-friendly financing solution. Our suite of financial tools makes it easy to turn recurring revenue into flexible growth financing."

6. Click Therapeutics

Founded: 2012
