Dear Members of the Board,

The parties write jointly to request that all materials filed under seal in IPR2023-01339 and IPR2023-01348 be maintained as such until 45 days after the later of: (1) the final disposition of any appeal to the Federal Circuit or remand proceedings from any such appeal; and (2) the deadline for filing a notice of appeal in the respective IPRs. Doing so will preserve the record for appeal and any remanded proceedings before the Board, should they occur. At the same time, it will provide the parties with sufficient time to move for expungement under 37 C.F.R. § 42.56 after all time periods and options for appeal have expired. The parties will file a formal motion for this relief if authorized and deemed necessary by the Panel.

Respectfully submitted,

Kenneth P. George
