PATENT OWNER'S UNOPPOSED MOTION TO EXPUNGE

Patent Owner files this Unopposed Motion to Expunge with authorization from the Board received via email on February 24, 2026. Patent Owner has conferred with Petitioners regarding this Motion, and Petitioners do not oppose.

I. RELIEF REQUESTED

Patent Owner requests that the following documents (“the Confidential Documents”) be expunged because each contains highly confidential business information not disclosed or relied upon in the Board’s Final Written Decision:

II. TIMELINESS

On October 22, 2025, the Board ordered that:

all documents currently under seal will be maintained under seal until 45 days after the later of: (1) the final disposition of any appeal to the Federal Circuit or remand proceedings from any such appeal; and (2) the deadline for filing a notice of appeal in the respective inter partes review proceedings.

Paper 48 at 2. Petitioners filed a notice of appeal weeks later, and the Federal Circuit dismissed the appeal on February 23, 2026. *See* Paper 49; Paper 50. This Motion is within 45 days of the appeal's final disposition and, thus, timely.

III. GOOD CAUSE

As explained in the parties' respective motions to seal, the Confidential Documents contain highly confidential business information, including confidential materials filed under seal in a parallel ITC investigation (337-TA-1325) and confidential materials obtained from third parties. *See* Paper 21; Paper 26; Paper 40. The confidential business information has not been publicly disclosed to Patent Owner's knowledge, and revelation of the information would result in commercial harm. *See id.* Just as the Board found good cause to seal this information, Patent Owner submits there is good cause to expunge it for the same reasons. *See* Paper 37; Paper 38; Paper 43.

Moreover, none of the Confidential Documents are cited, referenced, or implicated by the Board's Final Written Decision. The Decision cites the "public, redacted version" of Patent Owner's Response (Paper 20) and Petitioners' Reply (Paper 25), and it explicitly states, "we do not rely on any of the confidential information under seal." *See* FWD (Paper 47) at 2–3 nn. 2–3. Accordingly, the Confidential Documents are not necessary to allow the public to fully understand the Board's reasons for finding the Challenged Claims not unpatentable.

IV. CONCLUSION

For all these reasons, Patent Owner respectfully requests that the Board grant this Motion and expunge the Confidential Documents.

Respectfully submitted,

Date: February 26, 2026
