NOTICE!

This site is intended to be nothing more than a catalog of historical revisions to each rule. We no longer accept user account creation here for that reason. If you are looking for a place to report issues with rules (FPs, etc), please visit <https://feedback.emergingthreats.net>.

Conventions

All rules are available by accessing the following URL format: <http://doc.emergingthreats.net/SID>

i.e. <http://doc.emergingthreats.net/2003434>

As a rule is changed the new revision will automatically be placed above the old rule and old comments with an Auto-Added timestamp. This should allow a conversation to be relevant to the revision of the rule at the time.

Signature authors are informally responsible for initial documentation where necessary.
