Counsel,

To facilitate a speedy resolution of Patent Owner's Motion to Seal and Request to Enter Protective Order (Paper 28) in advance of the final trial hearing, tentatively set for December 17, 2024 (*see* Paper 9 at 11), the Board instructs that any opposition by Petitioner to Paper 28 shall be filed no later than November 19, 2024.

Additionally, the Board notes that the Scheduling Order applicable to this proceeding states: "If the parties choose to propose a protective order deviating from the default protective order, they must submit the proposed protective order jointly along with a marked-up comparison of the proposed and default protective orders showing the differences between the two and explain why good cause exists to deviate from the default protective order." Paper 9 at 3. Patent Owner shall file a new paper titled Revised Request to Enter Protective Order that complies with the requirements of the Scheduling Order no later than November 14, 2024.

The Board will enter a copy of this email as Exhibit 3003.
