Subject: Guidance for Unsealing Exhibit 1084 - IPR2023-01372

Dear Honorable Board,

Petitioner Omega Liner Company, Inc. respectfully requests the Board's guidance on unsealing Exhibit 1084 in the above-captioned matter (IPR2023-01372).

On November 19, 2024, Petitioner filed an opposition (Paper 45) to Patent Owner's motion to seal Exhibits 1060–1063 (Paper 28). Petitioner's opposition included Exhibit 1084, a March 13, 2009 Saertex email thread containing the February 26, 2009 Saertex email shown in Exhibits 1060–1063. As noted in footnote 1 of Petitioner's opposition (Paper 45, p. 7, fn. 1), Exhibit 1084 was filed under seal by Petitioner out of an abundance of caution pending the Board's decision on Patent Owner's motion to seal Exhibits 1060–1063.

On December 13, 2024, the Board issued an order (Paper 69) denying Patent Owner's motion to seal Exhibits 1060–1063, rendering those exhibits publicly available. Additionally, neither party has filed a motion to seal Exhibit 1084.

In view of the Board's order (Paper 69), Petitioner respectfully seeks guidance on the appropriate procedure to unseal Exhibit 1084.

Best regards,

Michael Neustel
