Good morning,

I am counsel for Patent Owner Efficient Power Conversion Corporation (“EPC”) in the matter of IPR2023-01381 regarding U.S. Patent No. 8,350,294.

Yesterday, May 8, 2025, EPC timely filed Paper 53, an Authorized Request for Director Review, via P-TACTS. The filing was timely because Acting Director Stewart previously granted an extension of time to file the Authorized Request. See Paper 52. At the time of filing, the option to file the Request as a “Request for Director Review” paper type was unavailable in the filing menu, leading us to instead file the request as an “Other:other” paper type. As a result, we were unable to pay the associated filing fee. A copy of the Authorized Request was also timely served on counsel of record for Petitioner.

EPC is requesting that the paper type be recategorized to its appropriate category, “Request for Director Review,” and that the filing fee be withdrawn from the following deposit account: DC

Deposit - DA232185.

Please let us know if any additional information is needed to proceed.

Counsel for Petitioners, Innoscience (Zhuhai) Technology Company, Ltd., and Innoscience America, Inc., are copied on this correspondence.

Best regards,
Dipu
