Subscription Service Product Offerings from Agilysys

Agilysys offers several solutions as hosted applications. This subscription service implementation is tailored to those organizations that want industry leading technology but may not have the resources immediately available to invest in the additional staff or infrastructure associated with supporting it. Subscription service customers can focus on their core business competencies and let Agilysys attend to systems management.

Some of the benefits of the Agilysys subscription service program include:

- Server and software performance monitoring and health
- Full system backups
- System recovery
- Latest software and patch updates
- Executable configuration and maintenance
- Online technical support and online knowledge base
- 24x7 telephone technical support
- Access to customer account representatives and installation services

The following solutions are available as a hosted application:

- [Agilysys InfoGenesis™ POS](#), a point-of-sale solution
- [Agilysys Eatec®](#), an inventory & procurement solution
- [Agilysys Stratton Warren System \(SWS\)](#), an inventory & procurement solution
- [Agilysys eMenu](#), an online meal-ordering platform
- [Agilysys eCash](#), a cashless payment solution
