

55 CHOSEN AS WINNERS IN ANNUAL BIG INNOVATION AWARDS

 FEBRUARY 07
2018

PHILADELPHIA, PA—February 7, 2018—Today, the Business Intelligence Group named 55 companies as leaders and winners of the 2018 BIG Innovation Awards. This annual business awards program recognizes the organizations, products and people that are bringing new ideas to life.

"More than just technology, innovation as a whole is changing the way we all experience the world and these winners are leading their markets," said Maria Jimenez, chief operating

About Business Intelligence Group www.bintelligence.com

The Business Intelligence Group was founded with the mission of recognizing true talent and superior performance in the business world. Unlike other **industry award programs**, these programs are judged by business executives having experience and knowledge. The organization's proprietary and unique scoring system selectively measures performance across multiple business domains and then rewards those companies whose achievements stand above those of their peers.
