Wearable Technologies

Abbott's FreeStyle Libre portfolio, the world's leading continuous glucose monitoring (CGM) system, has changed the lives of nearly 3.5 million people across more than 50 countries by delivering breakthrough technology that is accessible and affordable. FreeStyle Libre provides glucose readings every minute and trend arrows via a small sensor worn on the back of the upper arm.

FreeStyle Libre 3 is Abbott's next-generation CGM system, featuring the world's smallest, thinnest glucose sensor that can be worn up to 14 days to deliver continuous, real-time glucose readings directly to smartphones with unsurpassed accuracy and performance.
