BEFORE THE PATENT TRIAL AND APPEAL BOARD

DEXCOM, INC.,
Petitioner,

v.

ABBOTT DIABETES CARE INC.,
Patent Owner.

Case No. IPR2023-01409

U.S. Patent No. 11,202,591

PATENT OWNER'S REQUEST FOR ORAL ARGUMENT

Pursuant to 37 C.F.R. § 42.70(a) and the Board's Scheduling Order (Paper 11), Patent Owner respectfully requests oral argument in this matter and further that it be held in person at USPTO headquarters in Alexandria, Virginia. The Board scheduled oral argument for January 14, 2025. (Paper 11 at 11.)

Without intent to waive consideration of any issue not requested, Patent Owner expects that the oral argument will focus on whether Claims 1-30 of U.S. Patent No. 11,202,591 are unpatentable based on the grounds raised in the Petition, any other issues raised in this proceeding including issues raised by the filings and any disputes in any motions (should any be filed), and any additional issues that may be identified in Petitioner's request for oral argument or that may arise during oral argument.

Patent Owner requests that each side be allowed **60 minutes** for oral argument, with an opportunity for Patent Owner to reserve a portion of that time for rebuttal. Patent Owner requests the ability to use audio/visual equipment to display demonstratives and exhibits, including the use of a computer, projector, and screen for a PowerPoint presentation. Additionally, if possible, Patent Owner requests video and/or telephonic access for at least one client representative to observe the oral argument remotely.
