

802.16 Session #9

Session #9 of the IEEE 802.16 Working Group on Broadband Wireless Access took place 11-15 September 2000 at the [Denver Marriott Southeast](#) in [Denver, Colorado, USA](#) in conjunction with the [IEEE Radio and Wireless Conference \(RAWCON\)](#) (10-13 September).

Report

The [Session #9 Report](#) summarizes the results and has links to the minutes.

New Session #9 Documents

The [new document list](#) includes documents received during the session and followup documents.

Agenda

The [session schedule](#) is available.

Registration List

Check the [Attendance List](#).

Requests for Input for Consideration at Session #9 (all are expired)

- [802.16.1-00/02r1](#)
IEEE 802.16.1 Final Task Group Review (Call for Comments on [IEEE 802.16.1-00/01r1](#) Air Interface)
- [802.16.1p-00/09r1](#)
Call for Contributions on Power Amplifier Models and Parameters
- [802.16.1p-00/10](#)
Call for Contributions on Frequency Synthesizer Models and Parameters
- [802.16.3-00/09](#)
802.16.3 Invitation to Contribute: Session #9
- [802.16.3-00/11r0](#)
Call for Comments on IEEE 802.16.3-00/02r3 (Functional Requirements for the 802.16.3 Air Interface Standard)
- [802.16h-00/10](#)
Call for Contributions on PAR for WirelessHUMANTM Standard

Hotel Reservations, Registration, Related Events, etc.

See [Logistics](#) page.

See [Travel and Transportation Page](#).

IEEE Radio and Wireless Conference (RAWCON2000)

802.16 Session #9 was held in conjunction with the September 10-13 [2000 IEEE Radio and Wireless Conference \(RAWCON2000\)](#). RAWCON2000 offers technical sessions, panels, and workshops of interest to many 802.16 participants. Session #9 participants are invited to *some* of these functions. Registration for RAWCON2000 was handled separately and independently from that of 802.16. See the [Logistics](#) page for full details.

International Symposium on Advanced Radio Technologies (ISART)

The [International Symposium on Advanced Radio Technologies](#) was held in Boulder, Colorado on 6-8 September (Wednesday to Friday of the week before Session #9). This year's theme was "Broadband Wireless Technologies and Applications," and a session on Friday morning addressed "Broadband Wireless Standards." The [symposium presentations](#) are available.

Host

The session host was [Roger Marks](#).
