

Lagoon Crawler

Remote controlled agitation boat, designed for agitating lagoons.

AGITATION MADE EASY

NO PRIMING REQUIRED

The header pump is located on the bottom of the Crawler, and is submerged at all times. That means that there are no systems required to prime the pump.

PROFITABLE AGITATION

The Lagoon Crawler is the best way to agitate lagoons. A better mix will give a higher concentration of nutrients in the manure and will increase crop yield. The Crawler blasts away sand and solid buildup increasing storage and it eliminates the costly expense of additional cleaning out once the lagoon has been pumped out.

4' GROUND CLEARANCE

The wheels drop down giving the vehicle roughly 4' of ground clearance. Controlled by remote.

**MIX IN HALF
THE TIME**

NO PIT IS TOO BIG
Operate at 1000' away

USES LITTLE FUEL
Less than 10 GAL an hour.

**COMPLETE WIRELESS
CONTROL**

Lagoon Crawler

Remote controlled agitation boat, designed for agitating lagoons.

OPTIONAL CRANE LIFT

Effectively clean out slurry pits using The Lagoon Crawler with a crane lift. No need to excavate your pit!

DRIVE OUT WHEN COMPLETE

The large aggressive tread tires allow you to easily drive out of the lagoon.

GREAT AGITATION PERFORMANCE

The 6" front nozzle is able to crush through thick crusts.

EASY TO TRANSPORT

Available with tandem trailer to get from job to job with quickly and easily.

NO PIT TOO THICK

The submerged pump & 4WD system make it impossible to get stuck.

TECHNICAL SPECIFICATIONS

ENGINE

- CAT 7.1T4F
- 275HP MOTOR
- Hydraulic activated & self adjusting clutch
- Fuel Efficient

DRIVE SYSTEM

- Off-Road Independent A-Arm Suspension
- Four-Wheel Drive & Steering System
- 500/70 R24 Radial Tires
- Two Speed Hydraulic Wheel Drives

7 AGITATION JETS

- 1 - 6" nozzle on front
- 2 - 4" nozzles on rear
- 4 - 4" nozzles on sides for steering

CENTRIFUGAL PUMP

- 12" Quad Port Header Pump
- 12,000GPM capacity
- 14" pump inlet
- 21" diameter impeller
- 3 outlets off of pump housing
- Tungsten carbide mechanical seal
- Specifically designed for harsh lagoon environment

USER INTERFACE

- Complete Wireless Control
- All of the machine operation functions are controlled through the remote
- 50 hour battery life
- Optional GPS technology
- Easy to use joysticks
