SAMSUNG ELECTRONICS AMERICA, INC., GARMIN LTD., and
ZEPP HEALTH CORPORATION

Petitioners,

v.

SLYDE ANALYTICS, LLC

Patent Owner.

IPR2024-00006¹
Patent No. 8,588,033 B2

**JOINT MOTION TO TERMINATE INTER PARTES REVIEW WITH
RESPECT TO PETITIONERS SAMSUNG ELECTRONICS CO., LTD.
AND SAMSUNG ELECTRONICS AMERICA, INC. ONLY**

¹ GARMIN LTD. filed a petition in IPR2024-00765 and was joined as a petitioner in this proceeding. ZEPP HEALTH CORPORATION filed a petition on IPR2024-00833 and was joined as a petitioner to this proceeding.

Patent Owner Slyde Analytics, LLC (“Slyde”) and Petitioners Samsung Electronics Co., Ltd. and Samsung Electronics America, Inc. (collectively “Samsung”) have reached a settlement. Pursuant to 35 U.S.C. § 317(a) and 37 C.F.R. §§ 42.72 and 42.74, the parties jointly request termination of the *inter partes* review of U.S. Patent No. 8,588,033 (“Patent-in-Suit”), Case IPR2024-00006 with respect to Petitioner Samsung only. The settlement agreement does not extend to Co-Petitioners Garmin Ltd., and Zepp Health Corporation (collectively, “Other Petitioners”). The Other Petitioners do not oppose this motion, with the understanding that the *inter partes* review will continue with respect to the Other Petitioners. The parties were authorized to file this Joint Motion by the Board. Paper 32 (December 10, 2024). As required under 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b), a true copy of the settlement agreement that resolves the disputes in the above-captioned *inter partes* review relating to the Patent-in-Suit as between Slyde and Samsung is filed herewith as an exhibit. There are no other collateral agreements between the parties made in connection with, or in contemplation of, the termination sought. Pursuant to 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c), and with the Board’s permission (*see* Paper 10), Slyde and Samsung are concurrently filing a Joint Request to Keep Separate, which asks the Board to treat the settlement agreement as business confidential information, and to keep it separate from the files of this proceeding and the files of the Patent-in-Suit.

I. STATEMENT OF PRECISE RELIEF REQUESTED

Parties Samsung and Slyde jointly request that the Board terminate the inter partes review of the Patent-in-Suit, Case IPR2024-00006, with respect to Petitioner Samsung only.

II. TERMINATION WITH RESPECT TO SAMSUNG IS APPROPRIATE

Under 35 U.S.C. § 317(a), “[a]n inter partes review instituted under this chapter shall be terminated with respect to any petitioner upon the joint request of the petitioner and the patent owner, unless the Office has decided the merits of the proceeding before the request for termination is filed.” Patent Owner has not yet filed its Sur-Reply, oral argument is still a month away, and the Board has not yet decided the merits of the proceeding. Further, on October 18, 2024 (Paper 23), the Board ordered Samsung to assume an “understudy role” in response to Samsung’s informing the Board that it had reached an agreement in principle with Slyde, and Samsung has not taken any active role in the proceeding since that time. Accordingly, the Board should terminate this proceeding with respect to Samsung. The lawsuits between Slyde and Samsung have been dismissed, and Slyde and Samsung do not contemplate any litigation or proceeding involving the Patent-in-Suit in the foreseeable future.

III. NO FUTURE PARTICIPATION BY SAMSUNG

Samsung will not be participating further in this proceeding.

IV. CONCLUSION

Slyde and Samsung have settled all disputes relating to the U.S. Patent No. 8,588,033. That settlement does not extend to the Other Petitioners, but the Other Petitioners do not oppose this motion with the understanding that this *inter partes* review will continue with respect to the Other Petitioners. This *inter partes* review has not yet proceeded to a final written decision on the merits. Accordingly, the parties respectfully request that the Board terminate this proceeding with respect to Samsung only.

Respectfully submitted,
