

LegalMetric

LegalMetric Time to Trial Report District of Delaware Patent Cases January 1991 to March 2021

This report contains confidential and proprietary information of LegalMetric, Inc. Use of this information by anyone other than the purchaser or, if the purchaser is a law firm, the purchaser's client, or disclosure of this information to persons other than the purchaser or, if the purchaser is a law firm, the purchaser's client, without the consent of LegalMetric, Inc. is prohibited.

The information contained in this report is obtained from the official docket records of the federal courts. No attempt has been made to correct that data. For example, cases may be misclassified in the official docket records. In addition, cases are classified only by the primary cause of action. Cases having multiple causes of action are analyzed only under the primary cause of action identified on the official court docket.

LegalMetric, Inc. is not a law firm, does not provide legal advice, and is not engaged in the practice of law. No attorney-client relationship exists between LegalMetric, Inc. and any user of its products. LegalMetric provides statistical and analytical information to anyone who desires to purchase that information. Any purchaser of LegalMetric products who wants legal advice should hire an attorney.

Overview:

The dockets of patent cases of District of Delaware were examined to identify cases from January 1991 to March 2021 in which a trial occurred, whether or not that trial resulted in a verdict. Trials in cases where settlement or mistrial occurred during the trial are, therefore, included in these figures. The time from case filing to the start of trial was then computed. The results are shown below.

	Average	
	Months from Case Filing to Trial	Number of Trials
Andrews	29.1	62
Bartle	28.2	1
