PATENT OWNER'S MOTION TO SEAL
PATENT OWNER'S REPLY IN SUPPORT OF ITS MOTION FOR ADDITIONAL DISCOVERY PURSUANT TO 37 C.F.R. §§ 42.14 & 42.54

Pursuant to 37 C.F.R. §§ 42.14 and 42.54, Patent Owner, Greenthread, LLC ("Patent Owner") respectfully submits this Motion to Seal and requests the Board to enter the Default Protective Order found in Appendix B of the Trial Practice Guide. Pursuant to the Default Protective Order, Patent Owner moves to seal Patent Owner's Reply in Support of Its Motion for Additional Discovery (filed concurrently with the present Motion) in its entirety, along with Exhibits 2037 and 2038. Patent Owner sought Petitioners' position regarding this motion. Petitioners have not responded, but given that Petitioners opposed Patent Owner's prior motion to seal (Papers 8 and 10), Patent Owner understands that this motion is opposed.

I. GOOD CAUSE EXISTS

The Office Trial Practice Guide (TPG) states that "a document or thing will be made publicly available, unless a party files a motion to seal that is then granted by the Board." Office Trial Practice Guide (Nov. 2019) at 19; *see also* 35 U.S.C. §316(a)(7). "The document or thing will be protected on receipt of the motion and remain so, pending the outcome of the decision on motion." *Id.* The TPG states that "protective orders may be issued for good cause by the Board to protect a party from disclosing confidential information." *Id.* at 20 (citing C.F.R. § 42.54). Here, there is good cause for sealing Patent Owner's Reply in Support of Its Motion for Additional Discovery and Exhibits 2037 and 2038 because as explained below, these documents contain sensitive, confidential, and non-public business

information, including licensing information regarding the identities of parties in license agreements and the terms of such license agreements.

A. Exs. 2037 and 2038

Exhibits 2037 and 2038 are email exchanges between counsel for Patent Owner and counsel for Petitioner, and these exhibits contain sensitive, confidential and non-public information regarding whether or not certain third parties are in certain business relationships with any Petitioner, including licensing relationships. Therefore, these exhibits should be sealed in their entirety.

B. Patent Owner's Reply in Support of Its Motion for Additional Discovery

Patent Owner's Reply in Support of Its Motion for Additional Discovery, filed concurrently herewith, discusses the sensitive, confidential, and non-public business information discussed above regarding Exhibits 2037 and 2038, including whether or not certain third parties are in certain business relationships with any Petitioner, including licensing relationships. Therefore, Patent Owner's Patent Owner's Reply in Support of Its Motion for Additional Discovery should be sealed in its entirety.

II. CERTIFICATION OF NON-PUBLICATION

To the best of Patent Owner's knowledge, the information sought to be sealed by this Motion has not been made publicly available.

III. PROPOSED PROTECTIVE ORDER

As requested in Paper 8, Patent Owner requests entry of the Default Protective Order, found in the TPG at Appendix B. Upon entry of the Default Protective Order, Patent Owner designates Exhibits 2037 and 2038 and Patent Owner's Reply in Support of Its Motion for Additional Discovery in their entirety as "PROTECTIVE ORDER MATERIAL."

IV. CONCLUSION

For at least the foregoing reasons, Patent Owner requests that the Board seal Patent Owner's Reply in Support of Its Motion for Additional Discovery and Exhibits 2037 and 2038 in their entirety.
