JOINT CHART CONCERNING PRIOR MOTIONS TO SEAL

Pursuant to the Board's May 28, 2025 Order (Paper 80), the Parties jointly submit the following chart that identifies all unresolved motion(s) to seal, the corresponding document(s) (papers or exhibits) sought to be sealed by these motions, the information sought to be sealed, and the status of any redacted versions of those document(s). Patent Owner is concurrently filing the redacted document(s) highlighted in the chart below. Petitioner does not take any position on whether the information sought to be sealed by Patent Owner is confidential or whether its characterization in the below table is correct. Petitioner specifically disagrees with the characterization of certain parties as "potentially in privity," as Petitioner denies any privity with those parties.
