ORDER
Conduct of Proceeding
37 C.F.R. § 42.5

I. BACKGROUND

In each of the above-captioned proceedings, Patent Owner has filed several motions to seal. The motions seek to seal papers and exhibits “in their entirety,” but propose only some redacted documents. Therefore, it is unclear if the remaining documents are actually being requested to be sealed in their entirety, or if some redacted documents were mistakenly left unfiled. Instead of denying-in-part some of these motions without prejudice, we instruct Patent Owner to review the filings in each proceeding and submit redacted versions of any document Patent Owner asked to seal in its entirety if it has not already. If there is any particular document that Patent Owner seeks to seal in its entirety, please specifically indicate that in the chart below and provide reason(s) why.

Based on our review of the record, only two non-party names, some product names, and dollar amounts need to be redacted. If it is Patent Owner’s view that other information is also confidential, Patent Owner shall indicate so in the table set forth below. It is not necessary to file a separate motion to seal for each individual paper. In the future, where it may be helpful to conserve resources, the parties shall group several papers and/or exhibits to be sealed in a single motion to seal. In cases where a Final Written Decision orders the parties to jointly propose a redacted Final Written Decision, it is not necessary to also submit a Joint Motion to Seal the Final Written Decision.

Given the Board's limited resources, we request that Patent Owner and Petitioner jointly file a chart for each individual proceeding that identifies: as yet undecided motions to seal and corresponding oppositions, replies, and sur-replies; documents sought to be sealed by each motion; corresponding redacted versions; and information sought to be sealed. For example, in IPR2024-00001,

Undecided Motion to Seal & any Opposition, Reply, & Sur-reply	Document Sought to Be Sealed	Redacted Version	Information Sought to be Sealed
Paper 51	Exhibit 2011 (Email requesting agreements and communications among certain parties)	[REDACTED] Ex. 2011	Names of potential privies/customers/members of joint defense group
	Exhibit 2016 (Email rejecting PO's request for agreements, communications, and indicating all RPIs identified)	[REDACTED] Ex. 2016	Names of potential Privies
	Exhibit 2022 (Partial License agreement between PO and RPX)	[REDACTED] Ex. 2022	Identity of Licensors in Litigations and Petitioners in IPRs
