Features:

	A Velcro strap of striking adjustability and reliability, which allows a perimeter range from 6" to 18" and holds the device securely in place.		
	The ingenious one button release design, the device can be neatly fastened or removed with a single hand, so that your exercise won't have to be interrupted.		
	Access to the screen and all the functions of the device. Thus while working out you can operate your device with perfect ease.	Moisture-resistant and washable, so you don't have to worry that exposure to sweat and dirt will spoil even ruin the product	

	Two reflective rims offer protection for outdoor exercisers during the evening.		Maximum convenience in placing your device.
	360 degree Rotary gear allows you to turn the screen to whatever angle you like.		Compatible with all zCover cases
	Standard connection makes this armband compatible with our belt clip.		Soft cotton like back of clip
	Double security design enhances reliability		Clarity stylish design adds to your style.
