Displacement	9.17
Gpm At 1800 Rpm	4.36
Max Speed	3500
Inlet Port	0.625 (5/8") #10 SAE
Outlet Port	0.625 (5/8") #10 SAE
Clamp Group Size	Group 2 Pump
Port Orientation	Side
Country of Manufacture	Country of Manufacture: Italy
Height	4.51
Length	5.23
Width	5.12

Weight 5.43

Description

The Polaris pump is a result of more than fifty years of Casappa experience in design and production of hydraulic components. Polaris pumps and motors are comprised of a gear housing in aluminum alloy, two gear wheels supported by sleeve bearings and two end plates, and the front and the rear cover available in either aluminum or cast iron with excellent mechanical characteristics.
