I. INTRODUCTION

With the Board’s authorization, Petitioner and Patent Owner (collectively referred to as “the Parties”) filed a Joint Motion to Terminate in each of the above-identified proceedings due to settlement (“Joint Motion”). Paper 9.² In support of the Joint Motion, the Parties filed a corresponding Settlement Agreement, Ex. 1021 (“Settlement Agreement”), as well as a corresponding Joint Request to Treat Agreement Business Confidential pursuant to 37 C.F.R. § 42.74(c), Paper 10 (“Joint Request”).

II. DISCUSSION

In the Joint Motion, the Parties represent that they have reached an agreement to jointly seek termination of the above-identified *inter partes* review proceedings, and that the filed copy of the Settlement Agreement is a true copy. Joint Motions 1. The Parties further represent that their Settlement Agreement resolves all currently pending Patent Office proceedings between the Parties involving the above captioned Patents. *Id.* The Parties further represent that their Settlement Agreement resolves their disputes regarding the related District Court proceeding: *Senko Advanced Components, Inc. v. US Conec Ltd.*, No. 1:23-cv-00083 (D. Del.) (filed Jan. 24, 2023). *Id.* Accordingly, the Parties jointly request termination of these proceedings. *Id.*

² For purposes of expediency, we cite to Papers and Exhibits filed in IPR2024-00115, unless otherwise noted. The Parties filed similar Papers and Exhibits in each of the above proceedings.

The Board generally expects that a case “will terminate after the filing of a settlement agreement, unless the Board has already decided the merits.” *Consolidated Trial Practice Guide*, 86 (Nov. 2019)³; *see* 35 U.S.C. §317(a); 37 C.F.R. § 42.72. Here, although the Board has instituted *inter partes* review of the challenged patents, the Board has not decided the merits of these proceedings. Under these circumstances, therefore, we determine that it is appropriate to terminate these proceedings as to the Parties, without rendering a final written decision.

In the Joint Request, the Parties request that the Settlement Agreement be treated as business confidential information and be kept separate from the files of the respective patents involved in these *inter partes* proceedings. Joint Requests 2. After reviewing the Settlement Agreement between Petitioner and Patent Owner, we find that the Settlement Agreement contains confidential business information regarding the terms of settlement. We determine that good cause exists to treat the Settlement Agreement between Petitioner and Patent Owner as business confidential information pursuant to 37 C.F.R. § 42.74(c). Accordingly, we *grant* this portion of the Joint Request.

However, we deny the portion of the Joint Request specifying that, should there be filed a request for access to the Settlement Agreement, “that any such written request be served upon the parties on the day the written

This Order does not constitute a final written decision pursuant to 35 U.S.C. § 318(a).
