Description

ICC’s new fiber optic rack mount enclosures consists of a fully enclosed 1 rack mount space (RMS), 19" wide enclosure which holds 3 fiber optic adapter panels and accepts one small splice tray. Each enclosure features front and rear removable metal covers for quick and easy installation and maintenance. The forward and backward sliding tray allows installers to access the fiber adapter panels as moves, adds and changes (MACs) are required.

- Slide out tray with front and rear metal covers
- Front and rear openings designed to allow room for cable entry and exit and also help minimize cable build up
- High quality material and fold edge design allow for strength and durability
- Designed to fit all standard 19" wide racks and cabinets
- Holds 3 ICFOP fiber optic adapter panels
- Accepts 2 ICFOSKFM12 splice trays
- 1 rack mount space (RMS)
