|          | <p><b>Turn on automatic updates in the Galaxy Store</b></p> <p>When apps update automatically, you won't have to give updating them a second thought. Follow these steps to turn on Auto Updates in the Galaxy Store:</p> <p>Open <b>Galaxy Store</b>, and then tap the <b>Menu</b> icon (the three horizontal lines), in the bottom right corner. Tap the <b>Settings</b> icon (it looks like a gear), and then tap <b>Auto update apps</b>. Select your desired setting.</p>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a></p> <p><b>Turn On Auto Update in Play Store</b></p> <p>Let the Play Store take care of updates automatically so you don't have to worry about it.</p> <ol style="list-style-type: none"> <li>1. Open the <b>Play Store</b>, and then tap your profile picture.</li> <li>2. Tap <b>Settings</b>, and then tap <b>Network preferences</b>.</li> <li>3. Tap <b>Auto-update apps</b>, and then select your desired setting.</li> </ol>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a></p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

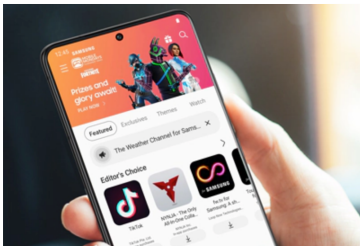

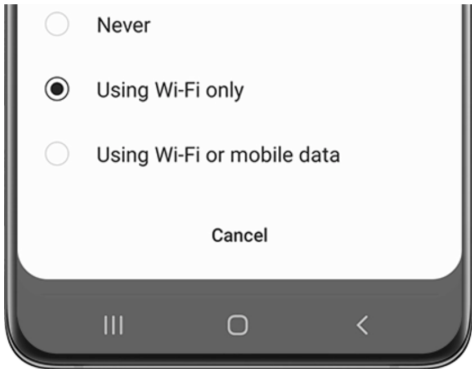

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

You can also ensure your phone gets automatic software updates by following these simple steps.

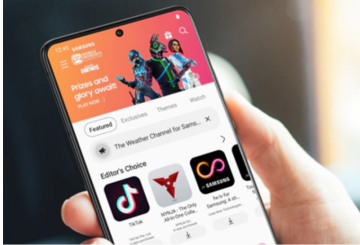

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

|          | <p>Prevent additional data charges by disabling auto updates over your mobile network. Your apps will only update when connected to a Wi-Fi network. Follow these steps to find out how to change settings for app updates.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> <p><b>7</b> To only allow application updates via Wi-Fi, check <b>Over Wi-Fi only</b>. Choose <b>DONE</b>.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> <p><b>8</b> Application updates will only be performed via Wi-Fi. Return to the Home screen.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

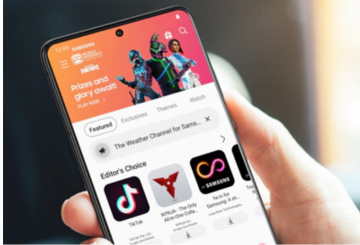

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

|          | <p>Prevent additional data charges by disabling auto updates over your mobile network. Your apps will only update when connected to a Wi-Fi network. Follow these steps to find out how to change settings for app updates.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> <p><b>7</b> To only allow application updates via Wi-Fi, check <b>Over Wi-Fi only</b>. Choose <b>DONE</b>.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> <p><b>8</b> Application updates will only be performed via Wi-Fi. Return to the Home screen.</p> <p><a href="https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10">https://www.t-mobile.com/support/tutorials/topic/apps-amp-accessories/how-to-turn-on-off-automatic-updates/device/samsung/galaxy-s10</a></p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

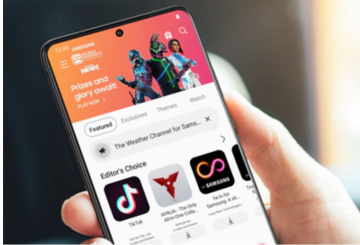

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

|          | <p><b>Turn on automatic updates in the Galaxy Store</b></p> <p>When apps update automatically, you won't have to give updating them a second thought. Follow these steps to turn on Auto Updates in the Galaxy Store:</p> <p>Open <b>Galaxy Store</b>, and then tap the <b>Menu</b> icon (the three horizontal lines), in the bottom right corner. Tap the <b>Settings</b> icon (it looks like a gear), and then tap <b>Auto update apps</b>. Select your desired setting.</p>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> <p><b>Turn On Auto Update in Play Store</b></p> <p>Let the Play Store take care of updates automatically so you don't have to worry about it.</p> <ol style="list-style-type: none"> <li>1. Open the <b>Play Store</b>, and then tap your profile picture.</li> <li>2. Tap <b>Settings</b>, and then tap <b>Network preferences</b>.</li> <li>3. Tap <b>Auto-update apps</b>, and then select your desired setting.</li> </ol>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

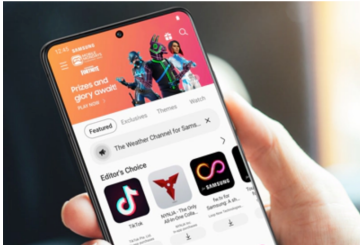

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

|          | <p><b>Turn on automatic updates in the Galaxy Store</b></p> <p>When apps update automatically, you won't have to give updating them a second thought. Follow these steps to turn on Auto Updates in the Galaxy Store:</p> <p>Open <b>Galaxy Store</b>, and then tap the <b>Menu</b> icon (the three horizontal lines), in the bottom right corner. Tap the <b>Settings</b> icon (it looks like a gear), and then tap <b>Auto update apps</b>. Select your desired setting.</p>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> <p><b>Turn On Auto Update in Play Store</b></p> <p>Let the Play Store take care of updates automatically so you don't have to worry about it.</p> <ol style="list-style-type: none"> <li>1. Open the <b>Play Store</b>, and then tap your profile picture.</li> <li>2. Tap <b>Settings</b>, and then tap <b>Network preferences</b>.</li> <li>3. Tap <b>Auto-update apps</b>, and then select your desired setting.</li> </ol>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

You can also ensure your phone gets automatic software updates by following these simple steps.

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

However, this can be a little bit much, especially over cellular, for users who have limited data plans or data caps.</p> <p>As with most other things, Apple has a way to limit automatic app updates to Wi-Fi only, letting users with more aggressive data plans to preserve their pool of data while on the go.</p> </div> <p><a href="https://9to5mac.com/2018/08/06/iphone-ipad-how-to-turn-off-automatic-app-updates-over-cellular-data/">https://9to5mac.com/2018/08/06/iphone-ipad-how-to-turn-off-automatic-app-updates-over-cellular-data/</a></p> |

## Claim 26

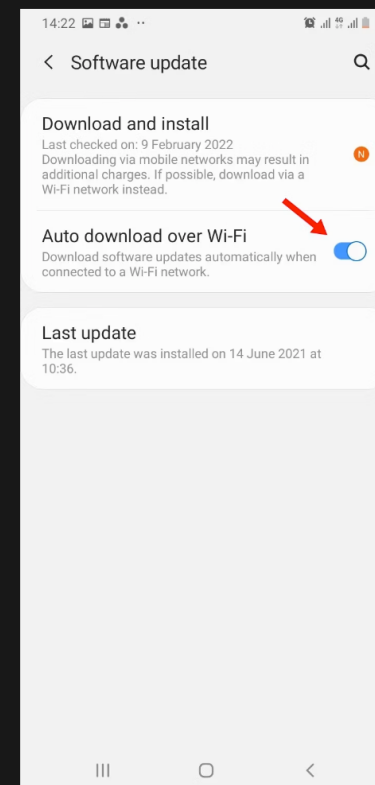

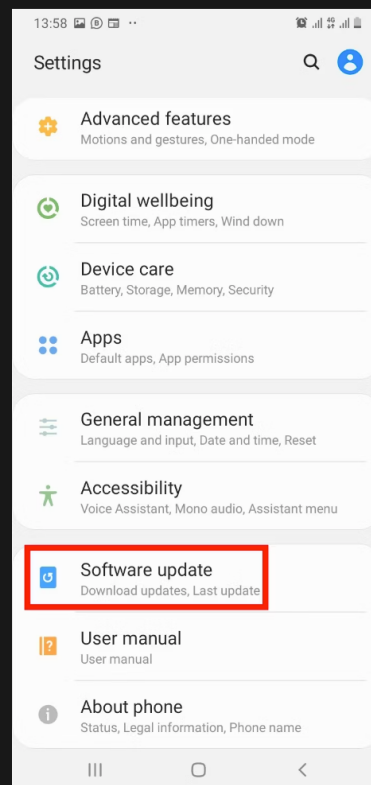

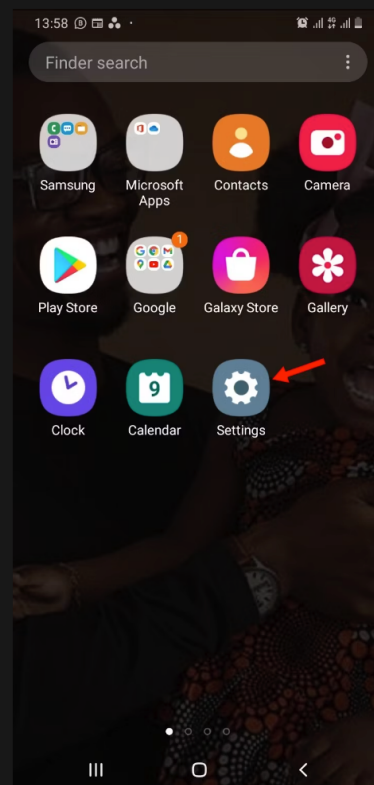

| Claim 26                                                                                                                                                                                                                                | Accused Products                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>[26]. The method of claim 23, wherein the data update includes at least one of an email update, an Really Simple Syndication (RSS) feed update, a social networking update, a software update, a map update, or a gaming update.</p> | <p>Each Accused Product practices each limitation of claim 23, the claim from which claim 26 depends.</p> <p>Each Accused Product practices a data update wherein the data update includes at least one of a software update or a gaming update.</p> <h3>Update Play Store and Galaxy Store apps on the phone</h3>  <p>Sometimes app developers will release updates to fix bugs, make improvements, or just give a general tune-up. Keeping your apps updated is the best way to make sure you always have the latest features and the best performance. You don't have to worry about keeping track of updates for every single app on your phone, however. You can turn on auto-updates and let it do it for you.</p> <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> |

|          | <p><b>Turn on automatic updates in the Galaxy Store</b></p> <p>When apps update automatically, you won't have to give updating them a second thought. Follow these steps to turn on Auto Updates in the Galaxy Store:</p> <p>Open <b>Galaxy Store</b>, and then tap the <b>Menu</b> icon (the three horizontal lines), in the bottom right corner. Tap the <b>Settings</b> icon (it looks like a gear), and then tap <b>Auto update apps</b>. Select your desired setting.</p>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> <p><b>Turn On Auto Update in Play Store</b></p> <p>Let the Play Store take care of updates automatically so you don't have to worry about it.</p> <ol style="list-style-type: none"> <li>1. Open the <b>Play Store</b>, and then tap your profile picture.</li> <li>2. Tap <b>Settings</b>, and then tap <b>Network preferences</b>.</li> <li>3. Tap <b>Auto-update apps</b>, and then select your desired setting.</li> </ol>  <p><a href="https://www.samsung.com/us/support/answer/ANS00080581/">https://www.samsung.com/us/support/answer/ANS00080581/</a>.</p> |

You can also ensure your phone gets automatic software updates by following these simple steps.

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on

You can also ensure your phone gets automatic software updates by following these simple steps.

1. Go to **Settings**
2. Scroll down and tap **Software update**
3. Make sure the **Auto download over Wi-Fi** option is turned on
