Solar Snake Tray® Announces New Cable Tray That Attaches to Messenger Wire Rope for Solar Installations

Posted on **October 26, 2012**

Snake Tray is pleased to announce another new patented cable tray system to manage cables that quickly snaps on to messenger wire for the fastest installation on the market. Solar Snake Tray for Messenger Wire is designed to easily suspend from messenger wire and requires no hardware to mount.

Snake Tray nests together for economical shipping and easy material handling. Snake Tray comes in hot dipped galvanized and stainless steel to protect from weather and other environmental conditions.
