

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

PLR WORLDWIDE SALES LIMITED,
Petitioner

v.

FLIP PHONE GAMES, INC.,
Patent Owner

Case No. IPR2024-00200
Patent No. 11,117,056

PATENT OWNER'S NOTICE OF APPEAL

Pursuant to 35 U.S.C. §§ 141, 142, and 319; 28 U.S.C. § 1295; 37 C.F.R. §§ 90.2–90.3; Federal Rule of Appellate Procedure 15; and Federal Circuit Rule 15, Patent Owner Flip Phones Games, Inc. (“Patent Owner”) hereby gives notice that it appeals to the United States Court of Appeals for the Federal Circuit from the Patent Trial and Appeal Board’s Final Written Decision dated April 24, 2025 (Paper 30), and from all underlying findings, orders, decisions, rulings, and opinions adverse to Patent Owner, including, without limitation, those underlying the Final Written Decision. A copy of the public Final Written Decision is attached to this Notice.

In accordance with 37 C.F.R. 90.2(a)(3)(ii), Patent Owner further notes that the issues on appeal include all issues decided adversely to Patent Owner in any orders, decisions, rulings, and opinions. This will likely include, but is not limited to:

1. The Board’s determination that Petitioner established that claims 1-16 of U.S. Patent No. 11,117,056 (“the ’056 Patent”) are unpatentable under 35 U.S.C. § 103, and any finding or determination (factual or legal) supporting that determination;
2. Whether the Board erred by ruling that elements of Claims 9-16, which the Petition failed to address through its internal cross-reference to claims 1-8, were nevertheless found in the prior art;
3. The Board’s claim constructions, including but not limited to its construction of the claim terms “for use” and “pre-selected” as recited in the claims;
4. Whether references that are prior art to the ’056 Patent under only pre-AIA

35 U.S.C. § 102(e), including U.S. Pub. No. 2008/0102947 A1 to Hays and U.S. Pub. No. 2007/0174490 A1 to Choi, are printed publications that are usable in an *inter partes* review proceeding under 35 U.S.C. § 311(b);

5. Whether the Board erred in affording weight to Petitioner's expert testimony which substantially repeated the same analysis as stated in the Petition;

6. Whether the Board erred in its consideration of objective indicia of nonobviousness, including without limitation its determination of insufficient nexus between the challenged claims and Patent Owner's evidence of secondary considerations; and

7. Whether the Board erred in any finding or determination supporting or relating to the above-referenced issues and any other issues decided adversely to Patent Owner in any orders, decisions, rulings, or opinions of the Board.

In accordance with 37 C.F.R. 90.2(a)(1), copies of this Notice of Appeal are being filed simultaneously with the Patent Trial and Appeal Board and with the Director of the United States Patent and Trademark Office. In addition, this Notice of Appeal, along with the required docketing fees, is being filed electronically with the Clerk of the United States Court of Appeals for the Federal Circuit.
