U.S. Patent No. 6,760,720

PATENT OWNER'S NOTICE OF APPEAL

Under 37 C.F.R. § 90.2 (a), Patent Owner Joseph L. De Bellis gives notice that it appeals to the United States Court of Appeals for the Federal Circuit from the Patent Trial and Appeal Board's Final Written Decision dated June 4, 2025 (Paper 32), and from all underlying findings, orders, decisions, rulings, and opinions adverse to Patent Owner, including, without limitation, those underlying the Final Written Decision. The Office denied Patent Owner's request for Director review of the Final Written Decision on August 7, 2025. Accordingly, this Notice is timely under 37 C.F.R. § 90.3 (a) (1).

In accordance with 37 C.F.R. § 90.2(a)(3)(ii), Patent Owner further notes that the issues on appeal include all issues decided adversely to Patent Owner in any orders, decisions, rulings, and opinions. These issues will likely include, but are not limited to:

1. The Board's determination that claims 1-7, 15-23, and 25-30 of U.S. Patent No. 6,760,720 are unpatentable under 35 U.S.C. § 103(a), and any finding or determination (factual or legal) supporting that determination;

2. The Board's claim constructions, including but not limited to its construction of "determining a database schema for a database," "providing a list of the database fields," "determining a quantity of entries in the selected database field," "determining a first quantity indicative of a number of entries of the selected data field," "if the quantity exceed[s] a specified amount, truncating data," "if the

first quantity exceeds a specified limit, reducing a size of data,” “wherein the truncating reduces characters in one or more entries in the selected database field,” and “wherein the reducing reduces characters in one or more entries in the selected database field,” and

3. Whether the Board erred in any finding or determination supporting or relating to the above-referenced issues and any other issues decided adversely to Patent Owner in any orders, decisions, rulings, or opinions of the Board;

In accordance with 37 C.F.R. § 90.2(a)(1), copies of this Notice of Appeal are being filed simultaneously with the Patent Trial and Appeal Board and with the Director of the United States Patent and Trademark Office. In addition, this Notice of Appeal, along with the required docketing fees, is being filed electronically with the Clerk of the United States Court of Appeals for the Federal Circuit.
