Mark Deem General Information

Biography

Mr. Mark Deem serves as a Board Member at Allay Therapeutics. He served as Chairman at Fire1. He co-founded and served as Chief Technology Officer and Managing Partner at The Foundry. He serves as a Director for, Holaira, Twelve, and as Chairman of Miramar Labs. He served as a Board Member at NuVaira. Likewise, he also serves as an Operating Partner at Lightstone Ventures. He assists the LSV medical device team with deal sourcing, due diligence, and portfolio company management. Furthermore, he also serves as the Board Member at Foundry SING1. He has served in this role since November 2013. He is currently a Managing Partner at the Foundry, LLC. The Foundry is the premier medical device company incubator and a preferred partner to LSV. Since its inception in 1998, The Foundry has founded and financed over a dozen medical device companies. Success stories include Ardian (acquired by Medtronic), eValve (acquired by Abbott), and

Concentric (acquired by Stryker). He joined The Foundry at its inception in 1998. In addition to spearheading the research and invention process on new clinical opportunities, he leads the early stage effort in The Foundry's new companies until the company's CEO and Senior Staff are hired. Before joining The Foundry, he served in a founding role as consulting Director of Research and Development for Ventrica, Inc. Previously, Mark was a senior member of the Research & Development team at Medtronic Micro Interventional Systems. He joined MIS as one of the initial members of the company's engineering team and remained there through the acquisition by Medtronic. Previously, Mark held engineering positions with Devices for Vascular Engineering, Cordis Corporation, and the USCI Division of C.R. Bard. He has spent over twenty years in the design, testing, and manufacturing of medical devices. He is a co-inventor on over 150 issued and pending U.S. patents. He served as Chairman at Fire1.
