Inclement Weather Update (August 28th 4:24 PM Eastern Time)

The severe weather conditions (due to hurricane Irene) on the East Coast of the US have made it impossible for several EMBC2011 attendees to arrive in Boston in time for their presentations. In order to allow these individuals to present their work at EMBC2011, we have scheduled a number of additional podium sessions on Friday, September 2. These sessions will be used to allow people who cannot reach Boston in time for a presentation originally scheduled on Tuesday, August 30 or Wednesday, August 31 to present their work on Friday, September 2.

Authors in such situation are encouraged to contact the conference organizers by sending an email with the title of their presentation and original time schedule to EMBC2011reschedule@srh-mal.net.

For more updates, please check our blog here.

33rd Annual International Conference of the IEEE Engineering in Medicine and Biology Society (EMBC '11).

Boston Skyline Back Bay
View of the Boston skylne and the Charles River

The conference will take place at the Boston Marriott Copley Place Hotel in Boston, Massachusetts, USA. It will cover diverse topics ranging from biomedical engineering to healthcare technologies to medical and clinical applications. The conference program will consist of invited plenary lectures, symposia, workshops, invited sessions and oral and poster sessions of unsolicited contributions. All papers will be peer reviewed and accepted papers of up to 4 pages will appear in the Conference Proceedings and be indexed by IEEE Xplore and Medline/PubMed.
