Dear Director,

Petitioner Cloudera, Inc. requests Director Review of the Institution Decision (Paper 11) in IPR2024-00303. As detailed in Petitioner's request for Director Review (Paper 12), the Board abused its discretion by improperly narrowing the scope of claim 1 to exemplary embodiments based on Patent Owner's arguments and without engaging in a full claim construction analysis. Secondly, the Board abused its discretion by misapprehending the asserted references and Petitioner's obviousness rationales. These issues are presented in priority order.

Respectfully,

Daniel C. Tucker
Counsel for Petitioner
