Counsel,

The Board understands that confidential information may be presented during the hearing for this matter. If possible, the parties should avoid presenting such information by, e.g., generalizing the information presented but providing relevant citations so the Board may review the confidential information without it being disclosed at the hearing. If necessary, however, the Board will close the public line at the end of the hearing for no more than 20 minutes. The parties should inform the Board at the beginning of the hearing how much time, if any, will be needed for the confidential portion of the hearing.
