FOR THE EASTERN DISTRICT OF TEXAS
MARSHALL DIVISION

COBBLESTONE WIRELESS, LLC, Plaintiff, v. CELLCO PARTNERSHIP D/B/A VERIZON WIRELESS, Defendant.	Case No. 2:22-cv-00478-JRG-RSP

PLAINTIFF COBBLESTONE WIRELESS, LLC'S PRELIMINARY DISCLOSURE OF ASSERTED CLAIMS AND INFRINGEMENT CONTENTIONS

I. Patent Rule 3-1: Disclosure of Asserted Claims and Infringement Contentions

Pursuant to Patent Rule 3-1, Plaintiff Cobblestone Wireless, LLC submits the following Preliminary Disclosure of Asserted Claims and Infringement Contentions. This disclosure is based on the information available to Cobblestone as of the date of this disclosure, and Cobblestone reserves the right to amend this disclosure to the full extent permitted, consistent with the Court's Rules and Orders.

A. Patent Rule 3-1(a): Asserted Claims

Cobblestone asserts that Defendant Cellco Partnership d/b/a Verizon Wireless infringes the following claims (collectively, "Asserted Claims"):

(1) U.S. Patent No. 8,891,347 ("the '347 patent"), claims 1-4, 6-12, 14-17, and 19-23;

(2) U.S. Patent No. 9,094,888 ("the '888 patent"), claims 9, 10, 12, 20, 21, and 23;

(3) U.S. Patent No. 10,368,361 ("the '361 patent"), claims 10-13, 15, and 17; and

(4) U.S. Patent No. 8,554,196 ("the '196 patent"), claims 23-27.

B. Patent Rule 3-1(b): Accused Instrumentalities of which Cobblestone is aware

Cobblestone asserts that the Asserted Claims are infringed by the various instrumentalities used, made, sold, offered for sale, or imported into the United States by Defendant, including certain (a) cellular base stations that support 3GPP 5G NR ("New Radio") communications, (b) 4G LTE cellular base stations that support handover to or from 5G NR cellular base stations, (c) user equipment that supports 3GPP 5G NR communications, and (d) cellular handsets, tablets, or smartwatches that support wifi-only automatic updates ("Accused Instrumentalities"). Defendant's Accused Instrumentalities of which Cobblestone is presently aware are described in more detail in the accompanying preliminary infringement contention charts, Exhibits A-D.

Cobblestone reserves the right to accuse additional products from Defendant to the extent Cobblestone becomes aware of additional products during the discovery process. Unless otherwise stated, Cobblestone's assertions of infringement apply to all variations, versions, and applications of each of the Accused Instrumentalities, on information and belief, that different variations, versions, and applications of each of the Accused Instrumentalities are substantially the same for purposes of infringement of the Asserted Claims.

C. Patent Rule 3-1(c): Claim Charts

Cobblestone's analysis of Defendant's products is based upon limited information that is publicly available, and based on Cobblestone's own investigation prior to any discovery in these actions. Specifically, Cobblestone's analysis is based on certain limited resources that evidence certain products made, sold, used, or imported into the United States by Defendants.

Cobblestone reserves the right to amend or supplement these disclosures for any of the following reasons:

(1) Defendant and/or third parties provide evidence relating to the Accused Instrumentalities;

(2) Cobblestone's position on infringement of specific claims may depend on the claim constructions adopted by the Court, which has not yet occured; and

(3) Cobblestone's investigation and analysis of Defendant's Accused Instrumentalities is based upon public information and Cobblestone's own investigations. Cobblestone reserves the right to amend these contentions based upon discovery of non-public information that Cobblestone anticipates receiving during discovery.

Attached as Exhibits A-D, and incorporated herein in their entirety, are charts identifying where each element of the Asserted Claims are found in the Accused Instrumentalities.

Unless otherwise indicated, the information provided that corresponds to each claim element is considered to indicate that each claim element is found within each of the different variations, versions, and applications of each of the respective Accused Instrumentalities described above.

D. Patent Rule 3-1(d): Literal Infringement / Doctrine of Equivalents

With respect to the patents at issue, each element of each Asserted Claim is considered to be literally present. Cobblestone also contends that each Asserted Claim is infringed or has been infringed under the doctrine of equivalents in Defendant's Accused Instrumentalities. Cobblestone also contends that Defendant both directly and indirectly infringes the Asserted Claims. For example, the Accused Instrumentalities are provided by the Defendant to customers, who are actively encouraged and instructed (for example, through Defendant's online instructions on its website and instructions, manual, or user guides that are provided with the Accused Instrumentalities) by the Defendant to use the Accused Instrumentalities in ways that directly infringe the Asserted Claims. Defendant therefore specifically intends for and induces its customers to infringe the Asserted Claims under Section 271(b) through the customers' normal and customary use of the Accused Instrumentalities. In addition, Defendant is contributorily

infringing the Asserted Claims under Section 271(c) and/or Section 271(f) by selling, offering for sale, or importing the Accused Instrumentalities into the United States, which constitute a material part of the inventions claimed in the Asserted Claims, are especially made or adapted to infringe the Asserted Claims, and are otherwise not staple articles or commodities of commerce suitable for non-infringing use.

E. Patent Rule 3-1(e): Priority Dates

The Asserted Claims of the ’347 patent are entitled to a priority date at least as early as July 28, 2011, the filing date of International Application No. PCT/CN2011/077718.

The Asserted Claims of the ’888 patent are entitled to a priority date at least as early as April 29, 2011, the filing date of International Application No. PCT/US2011/034470.

A diligent search continues for additional responsive information and Cobblestone reserves the right to supplement this response.

F. Patent Rule 3-1(f): Identification of Instrumentalities Practicing the Claimed Invention

At this time, Cobblestone does not identify any of its instrumentalities as practicing the Asserted Claims. A diligent search continues for additional responsive information and Cobblestone reserves the right to supplement this response.

II. Patent Rule 3-2: Document Production Accompanying Disclosure

Pursuant to Patent Rule 3-2, Cobblestone submits the following Document Production Accompanying Disclosure, along with an identification of the categories to which each of the

documents corresponds.

F. Patent Rule 3-2(a) documents:

Cobblestone is presently unaware of any documents sufficient to evidence any discussion with, disclosure to, or other manner of providing to a third party, or sale of or offer to sell, the inventions recited in the Asserted Claims of the Asserted Patents prior to the application dates or priority dates for the Asserted Patents. A diligent search continues for such documents and Cobblestone reserves the right to supplement this response.

G. Patent Rule 3-2(b) documents:
