Subject: IPR2024-00341 // Oral Hearing Schedule

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Honorable Board,

Petitioners have requested oral hearing in IPR2024-00341 challenging the validity of the '733 patent, which oral argument is currently set for April 24. However, the district court trial involving the '733 patent has been reset for April 21-25 (with Patent Owner's rebuttal case on validity likely to occur on April 24), such that counsel for Patent Owner currently familiar with the record in this IPR proceeding will not be available for the April 24 oral hearing. Accordingly, Patent Owner respectfully requests an alternate date for the oral hearing, such as a date the week before or the week after the current setting (either of which Patent Owner can be generally available).

Patent Owner has conferred with Petitioners, who provided the following response: Petitioners generally do not oppose Patent Owner's request for an alternate date for oral hearing. However, Petitioners have multiple immovable conflicts during the week of April 28 and can only be available on Monday, April 28. Alternatively, Petitioners can be available on Friday, April 18 for the hearing. That said, given (1) the district court trial date has been set for over a month and a half, (2) the proximity to the originally-scheduled oral hearing date, and (3) the difficulty to find alternate dates on such short notice, Petitioners prefer that the hearing date be maintained as April 24, and that the hearing be conducted virtually to alleviate any scheduling constraints for Patent Owner.

Best regards,
