Your Honors,

Patent Owner respectfully requests authorization to file a motion to submit supplemental information pursuant to 37 C.F.R. § 42.123(b) in the above-referenced IPR. Specifically, Patent Owner seeks to submit deposition testimony from Petitioner's expert (Dr. Mowry) in a related IPR (IPR2024-00338)

as it is relevant to the parties' claim construction dispute in this IPR and the Institution Decision's request for discussion and evidence on the meaning of "hop." Paper 11 at 43. Given that the deposition occurred on Monday, Patent Owner could not have obtained the testimony earlier. Petitioner has indicated that it opposes this request. The parties can be available for a conference with the Board on Wednesday 9-12 ET, Thursday 1-4 ET, or Friday 9-12 ET next week.

Additionally, Patent Owner inadvertently filed a notice of deposition (Paper 44) in this IPR that was meant for IPR2024-00338. Patent Owner respectfully requests that the inadvertently filed notice (Paper 44) be expunged.

Respectfully submitted,

Angelo Christopher
Counsel for Patent Owner
