Filed Herewith:

Ex. 1078: BUSINESS CONFIDENTIAL Release Agreement

Pursuant to 37 C.F.R § 42.74 and the authorization provided by the Board email of July 7, 2025, Petitioner FreeWheel Media, Inc. (“FreeWheel”) and Patent Owner Intent IQ, LLC (“Patent Owner”) jointly request termination of Petitioner FreeWheel from this proceeding, IPR2024-00422, directed to U.S. Patent No. 7,861,260 (the “’260 Patent”).

I. CERTIFICATION

FreeWheel and Patent Owner submit a true copy of any agreement or understanding (Exhibit 1078) between FreeWheel and Patent Owner made in connection with, or in contemplation of, the termination of FreeWheel from this proceeding under 37 CFR § 42.74(b) with this joint motion. There are no other agreements, oral or written, between the parties made in connection with, or in contemplation of, the termination of FreeWheel from this proceeding.

II. STATUS OF RELATED PROCEEDINGS

FreeWheel and Patent Owner have resolved their disputes regarding the ’260 Patent, including both in this proceeding and Patent Owner’s assertion of the ’260 Patent in the related district court litigation, 1:23-cv-00220-MN (D. Del.). The litigation between the Parties regarding the ’260 Patent has been dismissed with prejudice pursuant to settlement and no further litigation between the Parties is contemplated.

The only other pending proceeding in the U.S. Patent and Trademark Office

regarding the '260 Patent is IPR2024-00421 (joined by IPR2025-00128).

The following district court litigation involving the '260 Patent is pending:

- *AlmondNet, Inc. et al v. Viant Technology Inc. et al.*, 1:23-cv-00174-MN (D. Del.).

III. RELIEF REQUESTED

As authorized by the Board, the parties are jointly and contemporaneously filing: (i) this joint motion to terminate FreeWheel; (ii) a true copy of any agreement or understanding (Exhibit 1078) between FreeWheel and Patent Owner made in connection with, or in contemplation of, the requested termination of FreeWheel; and (iii) a joint request to treat the term sheet as business confidential information and keep the term sheet (Exhibit 1078) separate from the file of the involved patent, pursuant to 37 C.F.R. § 42.74(c).

FreeWheel and Patent Owner jointly request that the Board terminate this proceeding as to FreeWheel. Termination is appropriate at this stage and in view of a settlement between FreeWheel and Patent Owner. An *inter partes* review shall be terminated with respect to any petitioner upon the joint request of the petitioner and the patent owner, unless the Office has decided the merits of the proceedings before the request for termination is filed. 35 U.S.C. § 317(a). Good cause exists to terminate this proceeding as to FreeWheel because (1) FreeWheel and Patent Owner

have resolved their disputes regarding the '260 Patent; and (2) oral argument has not yet occurred and the Office has not issued a Final Written Decision.

Dated: July 8, 2025

Respectfully submitted
