Petitioner,

v.

ALTIVERA, LLC,
Patent Owner.

Case IPR2024-00425
Patent 7,969,307 B2

PETITIONER'S OBJECTIONS TO PATENT OWNER'S EVIDENCE

Pursuant to 37 C.F.R. § 42.64(b)(1), Petitioner Abbott Laboratories and Abbott Diabetes Care Inc. submits the following objections to evidence submitted by Patent Owner Altivera LLC. Petitioner's objections apply equally to Patent Owner's reliance on this evidence in any subsequently filed documents or further proceedings in this matter. These objections are timely, having been filed and served within ten business days of institution of trial. Notwithstanding these objections, Petitioner expressly reserves the right to rely on any evidence submitted by Patent Owner, including on the ground that such evidence constitutes a party admission.

Objections

Exhibits 2001-2002

Petitioner objects to these exhibits as inadmissible hearsay under FRE 801 and 802 not falling under any exception, and as improper expert testimony under FRE 702 and 703, to the extent they impermissibly act as a conduit for hearsay, including the hearsay objected to herein, and do not rely on the kinds of facts or data that experts in the relevant fields would reasonably rely on in forming an opinion on the subject without providing the underlying facts, data, and other required disclosures.

Petitioner further objects to these exhibits for lack of foundation and lack of personal knowledge under FRE 602, and as improper lay testimony under FRE 701,

to the extent they offer testimony in areas outside of Dr. Bandy's and Dr. Peeters' areas of expertise or fail to properly provide the underlying facts, data, and other required disclosures.

Exhibits 2003-2006

Petitioner objects to these exhibits as not properly authenticated under FRE 901 because Patent Owner has not presented sufficient evidence to show that they are authentic or self-authenticating under FRE 902. To the extent Patent Owner relies on these documents for the truth of the matter asserted, Petitioner objects to these exhibits as inadmissible hearsay under FRE 801 and 802 that do not fall under any exceptions, including those of FRE 803, 804, 805, or 807.
