

Helping Consumers Cash In With Ease

InComm Payments provides lottery solutions that pave the way for a smoother, more satisfactory connection between players, state lotteries and retailers. Our technology and product suite help keep the experience seamless at the point-of-sale – and drive more revenue to the public benefits supported by lotteries.

Everyone Benefits from the Lottery

Since the first U.S. state lottery was founded in 1964, lotteries have raised more than **\$500 billion** for government programs in North America.

North American Association of State and Provincial Lotteries (NASPL)

Lotteries help fund public program ranging from education environmental, healthcare and cultural sectors. Our solutions help support this growth by offering value to all key stakeholders:

Consumers

Enhance the user experience and simplify gameplay with attractive features that drive satisfaction.

- Reach casual and consistent players with a variety of new and improved products
- Fast, convenient gameplay and redemption.
- Access and account funding for cash-preferred consumers.

Consumer Best Practices

InComm Payments brings three decades of knowledge and experience in the retail space to the lottery ecosystem. Best practices regarding in-lane signage, product placement, and gifting strategies will help maximize the value of each of our partners' lottery programs.

Partners

We have successful working relationships with the most respected names in lottery. Working together with these partners, we ensure that every integration is seamless and transactions are secure.

Sports Betting

Sports betting is a [big-time emerging market](#). As online daily fantasy and sports betting vendors expand and legalization moves forward state by state, we can help address consumer challenges and broaden accessibility and awareness for gaming providers.

Account Loading

Easy account loading with our general purpose reloadable card solutions and [VanillaDirect Pay](#) cash digitization options, ensuring consumers can get their money into their accounts and start playing right away.

Gift Cards

Gift cards can expand brand awareness, creating a thoughtful gift for existing players and enticing new ones at retail while also providing a simple account loading solution.
