FAQs

How do I clean my Foam Pillow?	Cleaning the Foam Pillow is easy. To clean the cover, remove it from the pillow and machine wash cold on a delicate cycle. Dry flat, and do not bleach or iron.	What is Snow Technology?	Our most advanced solution for nighttime overheating adds HeatDelete Bands and a cool-touch outer layer for cooler sleep through the night.
Keeping the pillow fresh?	No, foam pillow does not need to be fluffed. There are no industry standards for foam pillow durability, so we created one ourselves modeled after the industry standard for mattress durability. We essentially pounded a 10lbs weight onto the foam pillow for 100K cycles to see if there was any indentation or degradation of the foams. Happy to say, there was none and our foam pillow lasted 100K cycles of a weight repeatedly hitting the same spot over and over again.	Choosing the right one?	The right pillow is actually one that will keep your head, neck, and spine neutrally aligned while supporting your spine's natural curvature.

Description	Our innovative pillow-in-pillow design responds to your movements. The inner pillow is filled with shorter fibers for adaptive support. The outer pillow features clump-resistant fibers for added softness. The unique 5-chamber design combines cloud-like comfort with adaptive support. The inner chambers adapt to any sleep position, so your neck stays comfortable throughout the night. The outer chambers add a touch of fluff for luxurious comfort. The 3-layer design contours to your head and neck in all sleep positions for optimal comfort. Breathable open-cell foam layers allow airflow to soothe you to sleep. The outer chambers are filled with long, silky fibers for a light, plush feel that helps lull you to sleep. Shorter fibers in the inner chamber offer responsive support that moves with you in any position. Our innovative, 3-layer foam + fiber design combines squishable comfort with consistent support. No fluffing necessary! Three layers of breathable foam keep your head and neck aligned. HeatDelete bands and Snow Technology give you cooler sleep for 12+ hours. Breathable open-cell foam layers allow airflow to soothe you to sleep.

Product Description

The Casper Snow Foam Pillow features three layers of supportive and cooling foam with a uniquely huggable feel. A meticulously designed inner layer contours to your head and neck in all sleep positions, while two plush outer layers offer cushioning comfort. We purposefully designed the pillow to prevent you from overheating. Tiny channels in the foam circulate air out and away. Plus, an extra breathable jersey knit cover looks cool and sleeps even cooler.

I have found the PERFECT pillow for me!!!

Reviewed in the United States on December 8, 2022

Size: King (Pack of 1) Style: Single Pack Verified Purchase

I just absolutely never write a review on anything, but I have to praise this pillow from the rooftops! I have not slept this comfortably in so many years! I have plushness and support, my neck is in alignment, and when I turn to sleep on my side the pillow doesn't block my airflow. This pillow is perfectly made for me!!!!

Runs hot overnight

Reviewed in the United States on October 10, 2024

Size: Standard (Pack of 1) Style: Single Pack Verified Purchase

I wanted to love this pillow, I really did. I have a Casper mattress which I love and wanted to stay within the brand. At first look and feel I was into it but the "cooling" aspect of the pillow does not last all night and I woke up during the night multiple days while trying the pillow, due to the heat that this was causing on my head. The cooling factor seems to last a few hours and as the night progresses it gets hotter and hotter. You can always flip the pillow halfway through the night and feel the ultimate cooling factor again but the point is to be able to sleep perfectly the whole night through.

Good support

Reviewed in the United States on May 18, 2022

I am a side sleeper and this offers good neck support. Couldn't feel the cooling aspect until I took off the provided protection cover and used just a cotton pillow case. Still think it is a bit pricey but I like it

Does what it claims, supportive and eliminates heat.

Reviewed in the United States on May 4, 2022

Its a bit pricey however when it comes to sleep quality im glad to pay for name brand. No tossing or turning to escape to the cold side of the pillow. Feels firm which was concerning at first however once you settle in its very comfortable. Seems to be just how foam pillows are made. Happy with the purchase.

I have Casper snow mattress. I thought the pillow will be like the mattress but it wasn't. It feel like the Casper original pillow. It was not cold to the touch. Very disappointed.

Thin and firm

Reviewed in the United States on August 16, 2024

Size: King (Pack of 1) Style: Single Pack **Verified Purchase**

I bought this pillow for the cooling effect. It does stay somewhat cool but not as cool as the description states. It is also very firm and thinner than I thought it would be. It is also pretty heavy. I like Casper pillows but I don't think I would buy another.

Great pillow

Reviewed in the United States on September 28, 2023

Got this pillow as a birthday present for my wife, because she's been asking about these. First night, she said she would flip it over and be cold. All night long. She frickin loved it. Other pillows get warm fast, and she said this one does not.

Does not cool, is hot actually

Reviewed in the United States on January 5, 2024

Size: Standard (Pack of 1) Style: Single Pack **Verified Purchase**

I am very disappointed with this product. I write a lot of reviews and give credit where credit is due. I wish credit was due here.

I bought this as a gift for my wife. She slept on it for a few nights and finally stated that it never cools and is hot instead. And so I tried it and found the same thing. I bought an inexpensive cooling pillow from Costco and we both found that one to cool a little bit and it isn't hot.

I'm summary, you don't always get what you pay for and at \$100, this pillow does not deliver. It's supportive and it seems well made, which is why I give it two stars. But it does not deliver any cooling. Save your money and try a different pillow.
