DECLARATION OF RICHARD B. WALSH, JR.

Being of legal age, I, Richard B. Walsh, Jr., declare and state as follows:

1. I am over the age of twenty-one (21) and have personal knowledge of the facts stated herein. I am a Member and the Chairman of the law firm Lewis Rice LLC.

2. I am a member in good standing of the Missouri and Illinois Bars. My Missouri Bar number is 33523MO and my Illinois Bar number is 6187007IL. I am a member in good standing of the bars of the U.S. Supreme Court, the U.S. Court of Appeals for the Federal, Fifth, Seventh, Eighth and Ninth Circuits, the U.S. Tax Court, and the U.S. District Courts for the Eastern and Western Districts of Missouri, as well as the Southern and Northern Districts of Illinois.

3. I have never: (a) been suspended or disbarred from practice before any court or administrative body; (b) had any court or administrative body impose sanctions or contempt citations against me; or (c) had a court or administrative body deny my application for admission to practice.

4. The Board has previously granted each of my applications to appear *pro hac vice* in nine prior cases on behalf of SRAM, LLC (“SRAM”), including in IPR2016-01876, IPR2017-00118, IPR2017-00472, IPR2017-01440, IPR2022-00078, IPR2022-00082, IPR2023-01301, IPR2023-01302, IPR2024-00216. Five of those granted *pro hac vice* applications occurred within the

6. I am an experienced litigation attorney with experience in numerous patent infringement cases in federal district courts. My experience includes fact and expert document and deposition discovery, claim construction, *Markman* hearings, motion practice, and trials and hearings. I have litigated intellectual property matters and patents for over forty (40) years.

7. I am lead counsel for SRAM in the co-pending district court litigation captioned *SRAM, LLC v. Fox Factory, Inc.*, Case No. 1:23-cv-00492-SCJ, in the United States District Court for the Northern District of Georgia ("the SRAM Patent Suit"). Fox Factory, Inc. ("Fox") filed this Petition for *inter partes* review challenging the patentability of U.S. Patent No. 7,147,207 B2 ("the '207 Patent") in response to SRAM's assertion of the same patent against Fox in the SRAM Patent Suit.

8. I have been actively involved in the co-pending SRAM Patent Suit (in which SRAM has asserted the same '207 Patent at issue in this IPR proceeding). As a result, I have closely studied and am thoroughly familiar with the '207 Patent, the purported prior art asserted against the '207 Patent (as identified in this IPR proceeding and the SRAM Patent Suit), and the shock absorbers at issue in these proceedings. For example, I have been heavily involved in preparing SRAM's infringement and validity positions in the district court, analyzing the terms of the '207 Patent, and reviewing the '207 Patent and technical aspects of the shock absorber products with a retained expert, as well as experienced engineers.

9. I hereby declare that all statements herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like are punishable by fine, imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
