DECLARATION OF YVETTE TEPPER

I, Yvette Tepper, am over the age of 18 and make this declaration in connection with the proceeding identified above.

1. I have been employed by Microchip Technology Inc. since November 2024. I currently serve as Senior Paralegal II - Litigation in Microchip's legal department. Prior to joining Microchip, I worked for approximately 18 years as a paralegal. I have personal knowledge of the matters set forth herein, or I have knowledge of the matters set forth herein based on my investigation and review of Microchip's corporate records and my knowledge of Microchip's operations and practices.

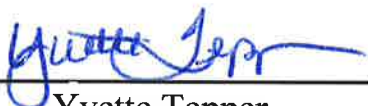

2. As part of my responsibilities at Microchip, I work with the Information Services department, which manages Microchip's internal email accounts, to collect and produce emails and other electronically stored information needed for litigation purposes.

3. It is the regular practice of Microchip employees to conduct business via email, including to sometimes provide summaries of business meetings via email at or near the time the meetings took place. I have reviewed EX1100 and confirmed that it is a true and correct copy of an email sent from the email account of Don Perkins on September 8, 2013 to the individuals listed in the "to" and "cc" lines. EX1100 was prepared and kept in the ordinary course of Microchip's business.

4. Throughout the course of my work at Microchip, I have become informed about the preparation and maintenance of Microchip product documentation. It is the regular practice of Microchip to prepare product documentation. I have reviewed EX1099 and confirmed it is a true and accurate copy of AN2374 (titled USB4916/USB4914 Multi-Host Endpoint Reflector Operation) and that EX1099 was kept and prepared in the ordinary course of Microchip's business.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and that these statements were made with knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code.
