Counsel, the June 5 hearing on the above two matters is vacated and reset to June 4 at 1pm EDT. All other dates dependent on the hearing date, i.e., exchange of demonstratives, are modified accordingly. It is suggested that Petitioner also appear remotely in order to conserve board resources. Advise Trials within the next two days of Petitioner's willingness to appear remotely. A revised hearing order will follow.

Dear Honorable Board,

Patent Owner respectfully requests that the combined oral argument currently scheduled for June 5, 2025 in IPR-2024-00270 and IPR-2024-00497 be moved to another day in view of scheduling conflict. Patent Owner has conferred with and confirmed that Petitioner does not oppose this request and further confirmed that both parties are available on June 4th or on June 9th, 10th or 11th. Patent

Owner's participation on those alternative dates would be remote (*i.e.*, via video). Petitioner is still available for in-person participation on those alternative dates.

Patent Owner's conflict is a pretrial conference that counsel for Patent Owner must attend. The conflict was expected to be mooted but circumstances abruptly changed this weekend, prompting Patent Owner's counsel to coordinate with Petitioner's counsel to determine the possibility of alternative dates as presented above.

The original orders setting oral argument are attached hereto and the IPRs at issue are:

AIA Review No.: IPR2024-00270

Petitioner: CISCO SYSTEMS, INC. of , DC

Patent Owner: UMBRA TECHNOLOGIES LTD. of Providence, RI
