- OMA Releases
- OMA Enabler Test Specification Documents and OMA Enabler Validation Plan Documents

OMA Releases

OMA is committed to deliver Releases with proven interoperability that fulfils the needs of the marketplace. In doing so, OMA has instituted a clear working process to develop open technical specifications that when combined, produce an Release with which differentiable and interoperable services can be created. The working process is a continuous program designed to deliver two key milestones for each Release. The OMA Release Program consists of the two phases:

- **Phase 1 (Candidate Release)** - An approved set of open technical specifications and/or other technical material, either:
  - forming an Enabler Release that can be implemented in products and solutions and which can be tested for interoperability, or
  - forming a Reference Release that serves an alternative purpose, e.g. as a set of rules and guidelines for developing other Releases.
- **Phase 2 (Approved Release)** - The Release has undergone a period of public comment (minimum 30 days) and in addition (for Enabler Releases) completed the applicable interoperability validation.

OMA Enabler Releases		
List of Enablers	**OMA Phase 1: Candidate Enabler Releases**	**OMA Phase 2: Approved Enabler Releases**
OMA Billing Framework	V1.0	
OMA Browsing	V2.3	V2.2 V2.1
OMA Browser Protocol Stack	V2.1	
OMA Charging		V1.0
OMA Client Provisioning	V1.1	
OMA Client Side Content Screening Framework		V1.0
OMA Data Synchronization		V1.2.1 V1.1.2
OMA Device Management		V1.2 V1.1.2
OMA Digital Rights Management	V2.1	V2.0 V1.0
OMA Domain Name System		V1.0
OMA Download over the Air	V2.0	V1.0
OMA Email Notification	V1.0	
OMA External Functionality Interface	V1.1	
OMA Firmware Update Management Object		V1.0
OMA Games Services	V1.0	
OMA Games Services Client Server Interface	V1.0	
OMA Instant Messaging and Presence Service		V1.3 V1.2.1 V1.1
OMA IP Multimedia Subsystem		V1.0
OMA Mobile Broadcast Services	V1.0	
OMA Mobile Location Protocol	V3.1	

Motorola - Exhibit 1043 - Page 1

OMA Mobile Location Service	V1.1 V1.0	
OMA Multimedia Messaging Service	V1.3	V1.2 V1.1
OMA On-Board Key Generation	V1.0	
OMA Online Certificate Status Protocol Mobile Profile		V1.0
OMA Presence Simple		V1.0.1
OMA Push **NEW 2007-10-18**	**V2.2** V2.1	
OMA Push to talk over Cellular **NEW 2007-10-18**	**V2.0**	V1.0.2
OMA Secure User Plane for Location		V1.0
OMA SIMPLE IM	V1.0	
OMA Smartcard Web Server **UPDATED 2007-10-18**	**V1.0**	
OMA SyncML Common Specification		V1.2.1 V1.1.2
OMA Standard Transcoding Interface		V1.0
OMA URI Schemes	V1.0	
OMA User Agent Profile	V1.1	V2.0.1
OMA vObject Minimum Interoperability Profile **UPDATED 2007-10-18**		**V1.0**
OMA Web Services		V1.1 V1.0
OMA Web Services Network Identity		V1.0
OMA Wireless Public Key Infrastructure	V1.0
