- Ranking #1 in N.C. for Vascular services, as reported in Business North Carolina
- Ranking in the top 10 statewide for Cardiology Services, Pulmonary, Overall Cardiac Services, Coronary Interventional Procedures, Bariatric Surgery and Critical Care Services

➢ Initially charged with overhauling the network of primary care practices owned and operated by CFVHS. The overhaul included a restructuring of incentives and compensation. In FY 2000 the health system employed ~45 primary care practitioners in 14 practice sites with approximately 130,000 encounters per year. By 2007, grown network to 68 practitioners in 15 practices and 200,000 encounters per year. Also added practices in and Geriatrics, Acute and LTACH, OB/GYN, Perinatology, Neurology, Neurosurgery, Urology and Trauma.

➢ In 2002, tasked with developing a program with affiliate, Fayetteville State University (FSU) School of Business, designed to serve health system employees seeking to obtain formal education in management and also to provide a reservoir of applicants for health system's management positions. Over an 18-month period, in collaboration with a core group of VPs and directors and representatives from the FSU School of Business, developed a curriculum, and interviewed applicants for the MBA faculty program with a health care concentration. The first class graduated in May of 2007.

➢ In 2002, selected by the CEO to represent CFVHS on the Fayetteville Chamber of Commerce serving as Chair of the Finance Committee and participated in the formation of the Cumberland County Business Council.

➢ Accountable for physician recruitment with the support of a recruiter and a staff assistant; over a four year period, successfully recruited more than120 practitioners across multiple specialties to the community and health system.

➢ As a part of the Physician Satisfaction Task Force, led and implemented a Physician Action Line (PAL) as a service recovery / physician loyalty tool. This has been presented at the Press Ganey satisfaction conference and at the PRC National Conference in Orlando in 2004.

➢ Reconstituted Hospitalist program from ONE physician in January 2001 with an ADC of 15-20 between two facilities to a program of 18 physicians and two PA's with an ADC of 175 between two facilities

➢ During the capital campaign of the Cape Fear Valley Diabetes Center, provided technical assistance and resource to the grant writer to procure >$750K of grant funding for the center.
