**STATUS REPORT REGARDING BANKRUPTCY
DEVELOPMENTS**

Defendant Nanostring Technologies, Inc. (“NanoString”) submits this report pursuant to the Court’s February 8, 2024 Oral Order directing NanoString to file a status report regarding bankruptcy-related developments. On February 4, 2024, NanoString filed for Chapter 11 bankruptcy in the United States Bankruptcy Court for the District of Delaware (Case No. 24-

10160). Under 11 U.S.C. § 362(a)(1), the bankruptcy filing places an automatic stay on the continuation of judicial actions against NanoString, including 10x Genomics, Inc. and President and Fellows of Harvard College v. Nanostring, C.A. No. 22-261-MFK (“the CosMX Action”) and 10x Genomics, Inc. v. NanoString, C.A. No. 22-653-MFK (“the GeoMx Action”).

On February 21, 2024, NanoString filed a motion for relief from the automatic stay in the CosMx Action (see Exhibit A). 10x Genomics, Inc. (“10x”) consents to the relief requested in the motion.¹ NanoString understands that the bankruptcy court will consider the motion during a hearing on March 7, 2024 and anticipates a prompt ruling. NanoString will meet and confer with the parties to continue discussions regarding adjustments to the schedule for the CosMx Action and coordinated cases.

NanoString notes that, pursuant to the Court’s February 8, 2024 Oral Order, the parties are to file a joint status report on March 4, 2024, and a status hearing is set for March 6, 2024. In light of the March 7, 2024 bankruptcy hearing to consider the motion for stay relief, NanoString respectfully proposes that the status report deadline and hearing be rescheduled for a date after the bankruptcy hearing.

Dated: February 22, 2024

Respectfully submitted,

FARNAN LLP

¹ NanoString understands that 10x intends to file a motion for relief from the automatic stay in the GeoMx Action in the coming days. NanoString does not consent to that relief.
